Chin Up View

This information is suggestive only. Any diagnosis and prescription should be the decision and sole responsibility of the doctor using this material.
Upper I.P.R. Guide

This reflects IPR suggestions only and was created by a technician using advanced software; it was not reviewed by a dentist or orthodontist. Doctors need to make their own decision as this report only accounts for crowding within the arch. It does NOT account for overjet reduction, anterior crossbite correction, occlusion, midline correction and so on.

This information is suggestive only. Any diagnosis and prescription should be the decision and sole responsibility of the doctor using this material.
Lower I.P.R Guide

This reflects IPR suggestions only and was created by a technician using advanced software; it was not reviewed by a dentist or orthodontist. Doctors need to make their own decisions as this report only accounts for crowding within the arch. It does NOT account for overjet reduction, anterior crossbite correction, occlusion, midline correction and so on.
